

Please amend claims 28 and 57 as follows:

28. (Twice Amended) [The portable, hand-held dispenser of claim 27, further comprising] A portable, hand-held dispenser that allows a user to request and dispense negotiable instruments, said portable, hand-held dispenser comprising:

a wireless receiver that receives dispensing information for a particular negotiable instrument from an authorizing computer;

a microprocessor that is coupled to said wireless receiver, that receives said dispensing information from said wireless receiver, and that generates printing information based upon said dispensing information;

a printer that is coupled to said microprocessor, that receives said printing information from said microprocessor, and that prints said particular negotiable instrument when said printing information is received from said microprocessor;

a battery that provides power to said microprocessor, said wireless receiver, and said printer;

a dispenser body that houses said wireless receiver, said microprocessor, said printer, and said battery, and that is a size and weight that allows said portable, hand-held dispenser to be carried in a single hand of the user; and

an input mechanism that is coupled to said microprocessor and that allows the user to submit a telephone mode command to said microprocessor, wherein said microprocessor causes said portable, hand-held dispenser to operate as a telephone and enables the user to place a voice telephone call upon said telephone mode command being received at said microprocessor.

57. (Twice Amended) [The method of claim 56, further

comprising] A method for requesting and dispensing negotiable instruments in a portable, hand-held dispenser, said method comprising:

receiving a wireless transmission of dispensing information for a particular negotiable instrument;

generating printing information based upon said dispensing information;

printing said particular negotiable instrument using said printing information;

housing said portable, hand-held dispenser in a dispenser body that is a size and weight that allows said portable, hand-held dispenser to be carried in a single hand of a user; and

operating said portable, hand-held dispenser as a telephone for placing a voice telephone call upon a telephone mode command being received from the user.

REMARKS

This application was allowed on November 5, 1999 and the issue fee was paid on February 4, 2000.

This Substitute Amendment Under 37 C.F.R. § 1.312(a) is being filed to correct a typographical error in the prior Amendment Under 37 C.F.R. § 1.312(a) filed on January 31, 2000. In that Amendment, applicant respectfully requested cancellation of claims 27, 29, 56, and 58-60 without prejudice, and entry of amendments of claims 28 and 57. Upon reviewing the present application in connection with the National Phase filing of a corresponding PCT application, a typographical error in the Amendment filed on January 31, 2000 was discovered. Particularly, the January 31, 2000 Amendment requested cancellation of claim 60 rather than requesting cancellation of claim 61. Accordingly, applicant hereby respectfully requests
